

23 Queensberry Rd,
Kettering
NN15 7HL

Licensing authority 15 April

Dear Sir,

I understand from Kettering Police that an application has been submitted for late night "ACTIVITIES" at Kettering Railway station. I do object; from the angle of noise, loud music, recorded discs, which will, also combined with loud and raucous behaviour until the early hours. It will encourage bad behaviour on leaving the station at 2.00am, when neighbouring flats and houses have elderly tenants who wish for a quiet night's rest.

Let us also remember that in this area many people are hospital workers who work on shifts and need their rest period, not noisy folk who will frequent this venue.

Sincerely

(MRS) NELIA EATON
