Dear Sirs

I would refer to your letter dated 19 February 2015 received at this office 27 February 2015 and referenced as above.

Firstly my apologies for the delay in replying.

I have referred your response to this Authority's lawyers who have considered its content and I am advised that they remain of the view that the consultation process in this instance complies with the law.

I note that the letter simply makes general statements about the law and the validity of the consultation process but that it does not contain any direct representations as to why the proposal is not in the public interest or how it would affect your client Kettering Vehicle Rentals Limited.

Should you have any such representations on behalf of your client, please could you put these forward, to be received at this office by no later than 7 April 2015 failing which the new policy will be put before the relevant committee of the council for adoption.

Yours faithfully

Russ Howell  
Health Services Manager
