RE: Application for a Renewal license at  
Wickstead Park

The proposed above renewal application will adversely affect 5 residential estates, all within close proximity of the Park - Lytchley Road, Paradise Lane / Spirey Lane, Northumberland Road, the new estate at Barton Seagrave, and Windrush Avenue.

We fail to see the reason for licensing a car site shop selling alcohol from 7am to 11pm when there are two other sites within 500yds of the proposed shop. The main objection would be the amount of noise arising from music and traffic, 7 days a week, 52 weeks a year: this would be intolerable, especially at 2am.

Pro

Will the PSlice have enough manpower to control late night drinking in conjunction with the taxi centre?

We strongly object to any variation in the present licensing hours.
