Dear Sir/Madam

Re: Application for Premises Licence Variation under Section 34 of
the Licensing Act 2003 by Wicksteed Park Ltd

With reference to the above application I wish to object to the following sections of the variation as my property is probably the nearest to the main pavilion and is already adversely affected by certain functions carried out in Wicksteed Park.

- 1 The extension for live music to to 00.30 every day all year
- 2 The extension for recorded music to 02.00 every day all year.
- 3 The sale of alcohol in the pavilion to 02.00 every day all year.
- 4 The sale of alcohol from the proposed campsite shop every day all year.

These proposals are all considered to be far too open-ended and could lead to far more inconvenience to all the local residents. There have been numerous problems in the past with noise and drunken behaviour in the park after official closing time and by extending the hours as proposed the possibility of future disturbances is increased considerably.

This application has far reaching adverse implications and I feel there should be a long and informed consideration before any decision is made.

Yours faithfully

Mr A J Graham
