Fair Press for Tenants Publication Release

The Forum will be introduced to the Fair Press for Tenants publication. Martyn Lund was an active member of the editorial team and will present this item.

INTRODUCTION

The Guide was produced by tenants in order to help journalists and other media workers report more fairly on social housing. It has an aim to end social housing stereotyping.

Martyn will present a summary of the key points in the Guide and also a summary of his involvement.

- A copy of the publication will be made available at the Forum but if you want to read the guide before the meeting, it is available at www.benfittosociety.co.uk
