To whom it may concern, I am writing in

in concern to the domino pizza applying for an extended hours licence.

I am ~~not~~ in disagreement of it due to the noise it will cause, and I am a working person on night work (I make a week in a case time for domestic people, I am not objecting to them getting the licence because if it was disturb me to much, I will close the pizza restaurant and they already, Bang, Shout, Sing, make racial remarks towards me and my son, have difficulties at 3AM in the morning, if they got the licence to stay open longer it will be unbearable.

So I am opposing and objecting to them getting the extended licence to open longer of a night.
